

## 2021-2022 Registrar's Report

For the 2021-2022 season, 162 players registered for regular house league play

**Covid Special** : In January and February, we offered a “COVID Special” of 99\$ to register and play for the rest of the season, in response to the dwindling attendance for one of the Open house league teams (several Nipissing students were not able to attend games on a regular basis). We sent an email to the general membership to promote the special, but found that those registering were coaches, adult volunteers and their friends and included both men (4)

and women (5). This indicates a potential to promote and develop a recreational adult league in the future.
